Re: PACKET SWITCHED DATA SERVICE ON A WIRELESS NETWORK

Applicant: Thomas E. Hamilton et al.

Application No.:

Filing Date:

Country: United States

Our Ref.: 13816-003001

Dear Simon:

We are pleased to inform you that on, we filed a patent application on the above-identified invention with the U.S. Patent Office (copy enclosed). You may now use the phrase "patent pending" in advertising and on the invention.

We expect official confirmation of the filing within 2-4 weeks. Shortly thereafter, you will receive a letter from our office asking you whether you wish to investigate the cost of filing foreign patent applications. However, a decision as to foreign filing need not be made for approximately 6 to 9 months from the U.S. filing date (foreign applications must be filed by 12 months after the U.S. filing date).

The first substantive Office Action from the Patent Office will probably not be received for approximately 9-12 months from the U.S. filing date. We will keep you informed of the prosecution of this matter.

Prior Art

Any prior art or other information which you believe may need to be disclosed to the Patent Office should be brought to our attention as soon as possible. We will use such information to prepare an "Information Disclosure Statement" (IDS) as required by the Patent Office. Information must be disclosed if it is "material." Information is considered "material" if it is not cumulative to information already disclosed to the Patent Office and: (1) the information shows all features recited in a claim; or (2) the information either alone or together with other known information, shows or suggests to one of ordinary skill in the pertinent art all the features of a claim; or (3) the

information refutes, or is inconsistent with, a position taken either in opposing an argument advanced by the Patent Office in rejecting the claims, or in asserting that a claim is patentable.

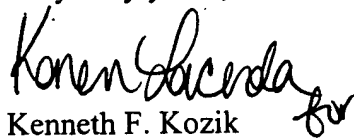

Under the Patent Office rules, IDS must be filed within 3 months after the filing date to avoid possible penalty. If the IDS is filed more than 3 months after the application filing date and after the first Office Action on the merits has been mailed by the Patent Office, the applicant must either:

- (1) pay a fee of \$180 or
- (2) submit a Certification that:
 - (A) each item of the IDS was first cited in a counterpart foreign application no more than 3 months before the filing of the IDS, or
 - (B) no item of the IDS was cited in a counterpart foreign application or was known to any person having a duty of disclosure (i.e., the inventors and all individuals substantively involved in the preparation or prosecution of the application) more than 3 months before the filing of the IDS.

After a final Office Action or after a Notice of Allowance has been mailed but before the Issue Fee is paid, an IDS will be accepted by the Patent Office only if it is accompanied by a Certification as described above, along with a Petition and a fee of \$180. If the Certification cannot be made (i.e., the references were cited or known more than 3 months before), or if the Issue Fee has been paid, the Patent Office will permit the application to be abandoned in favor of a continuing application in which the information will be considered.

If you have any questions regarding this matter, please feel free to contact me.

Very truly yours,

Kenneth F. Kozik

**EMPLOYEE AGREEMENT WITH RESPECT TO
NON-COMPETITION, PROPRIETARY INFORMATION, INVENTIONS
AND OTHER INTELLECTUAL PROPERTY**

In consideration of and as part of the terms of employment of SIMON W. CAVENETT ("Employee") by Avian Networks, Inc. ("Avian") and of the mutual covenants set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

1. The following definitions are applicable to this Agreement:
 - a. "Avian" means not only Avian Networks, Inc. but also any other entity of any nature now or hereinafter owned or controlled by Avian Networks, Inc. or which owns or controls Avian Networks, Inc.
 - b. "Employee" means not only the individual executing this Agreement on his or her own behalf but also his or her heirs, successors, legal representatives and assigns.
 - c. "Subject Invention" means any invention, improvement or discovery, whether or not patentable, which arises out of or is related to any existing or future business interest of Avian and which, during the period of said employment, is conceived solely by Employee or by Employee jointly with others or first reduced to practice by or for Avian.
 - d. "Avian Proprietary Information" means all information of any nature, whether or not marked with a proprietary or similar legend, which concerns Avian's design, manufacture, use, purchase, marketing or sale of its products or services.
 - e. "Subject Copyright" means any original work of Employee, whether or not capable of being copyrighted, which arises out of or is related to any existing or future business interest of Avian and which, during the period of said employment, is fixed in any tangible medium of expression from which such work can be perceived, produced or otherwise communicated, either directly or with the aid of any device.
 - f. "Avian Intellectual Property" means Subject Invention, Avian Proprietary Information and Subject Copyright, either singly or in any combination thereof.

2. All Avian Intellectual Property is and shall remain the sole and exclusive property of Avian. Employee shall make no use or disclosure of any Avian Intellectual Property, except as directed by Avian. Employee shall disclose completely and immediately to Avian any Avian Intellectual Property generated by Employee. In addition, Employee shall execute all documents requested by Avian in connection with confirming in Avian the entire right, title and interest in and to any Avian Intellectual Property, including, without limitation, documents in connection with patent and copyright applications, and will furnish to Avian all necessary assistance for Avian to protect its rights in any Avian Intellectual Property.

3. All tangible evidence of Avian Intellectual Property which at any time comes into the possession of Employee, including, without limitation, documents, records, software, models or prototypes, shall remain the sole and exclusive property of Avian and will be provided to Avian upon Avian's request at any time and, in any event, upon the termination of said employment.

4. Employee shall not, at any time, either during or after the period of said employment, disclose to any person or entity or make any use of any Avian Proprietary Information or any proprietary information belonging to third parties whose protection has been entrusted to Avian, except as directed by Avian.

5. In consequence of the entrusting to Employee by Avian of Avian Intellectual Property, and in recognition of the fact that Avian does business throughout the world with a variety of different persons and entities, Employee shall not, directly or indirectly and in any capacity whatsoever, whether as an owner, employee, director, officer, trustee, beneficiary, consultant, independent contractor or otherwise, for a period

of two (2) years after the termination of Employee's employment with Avian for any reason whatsoever, render services to or for any person or entity anywhere in the world which is engaged in any manner whatsoever in a business which is competitive with that of Avian.

6. Employee acknowledges that any breach or threatened breach of this Agreement or any provision hereof will cause irreparable injury to Avian for which an adequate monetary remedy does not exist. Accordingly, in the event of any such breach or threatened breach, Avian shall be entitled, in addition to the exercise of any and all available remedies, to obtain injunctive relief, without the necessity of posting a bond or other surety, restraining Employee from committing such breach or threatened breach, and Employee hereby consents to the entry of such injunctive relief, without the necessity of any bond or other surety.

7. The obligations of the parties under Paragraphs 2, 3, 4, 5 and 6 hereof shall not expire upon the termination of said employment but shall remain in full force and effect at all times thereafter in accordance with their respective terms.

8. Neither the execution and delivery, nor the continuance, of this Agreement shall be deemed to be an employment agreement between Employee and Avian, and nothing contained herein shall be deemed to give Employee the right to be retained in the employ of Avian or to interfere with the right of either party voluntarily to terminate Employee's employment with Avian at any time for any reason.

9. This Agreement shall be governed by and construed in accordance with the laws of the Commonwealth of Massachusetts.

10. In the event any provision of this Agreement shall be held to be void or unenforceable in whole or in part, such determination shall not affect the remainder of this Agreement, which shall remain in full force and effect, and such void or unenforceable provision shall be enforced to the maximum extent legally permissible.

11. This Agreement constitutes the entire agreement between the parties concerning its subject matter and supersedes any prior or contemporaneous agreements and understandings in connection therewith. This Agreement may be amended, waived or revoked only by a written instrument executed by both parties.
